Calling for Help
In the event of a Medical Emergency: I will contact my health care team (Emergency contact list).

This is my provider emergency contact: (Name/Facility)

I will contact this person to help take care of my newborn if I need to go to the hospital: (Name/Phone/Email/Relationship to Patient)

It is important to recognize the urgent maternal health warning signs.
Review the maternal health warning signs and symptoms, what they are and who to call, when at NewMomHealth.com/Hear-Her.

**New Parent Village**

Having a village to support you during the postpartum period is important. Who are a few close people that could do things to help during this time?

**Sharing My Story**

Opening up about your experience and talking about birth stories can help. Is there anything you’d like your health care team to be know?

Support for your mental health is very important.

If you are feeling these more than half the days or nearly every day, be sure to tell someone you trust.

In the last two weeks, how often have you felt:

Little interest or pleasure in doing things
- Not at all  /  Several days  /  More than half the days  /  Nearly every day

Feeling down, depressed, or helpless
- Not at all  /  Several days  /  More than half the days  /  Nearly every day

Feeling nervous, anxious, or on edge
- Not at all  /  Several days  /  More than half the days  /  Nearly every day

Not being able to stop or control worrying
- Not at all  /  Several days  /  More than half the days  /  Nearly every day
