

Postpartum *Care Plan* for:

Delivery Date/Type:

The postpartum period is just as important as the prenatal period. Making a plan to heal, recover and adjust to your postpartum body is important to making sure that you stay healthy. Use this postpartum care plan to begin discussing important postpartum care with your health care team. This document is to be completed with your provider, and should be updated regularly.

Updated on (today's date):

My Care Team

These services are here for you to use as ongoing support

	Provider Name	Phone Number / Contact
My Doctor/Midwife/Provider	<input type="text"/>	<input type="text"/>
My Primary Care Provider	<input type="text"/>	<input type="text"/>
My Baby's Doctor/Provider	<input type="text"/>	<input type="text"/>
My Doula/Care Coordinator	<input type="text"/>	<input type="text"/>
My Lactation Team	<input type="text"/>	<input type="text"/>
My Mental Health Specialist	<input type="text"/>	<input type="text"/>
Social Worker/Case Manager	<input type="text"/>	<input type="text"/>

Calling for Help

In the event of a Medical Emergency: I will contact my health care team (Emergency contact list).

This is my provider emergency contact: (Name/Facility)

I will contact this person to help take care of my newborn if I need to go to the hospital:

(Name/Phone/Email/Relationship to Patient)

It is important to recognize the urgent maternal health warning signs.

Review the maternal health warning signs and symptoms, what they are and who to call, when at

NewMomHealth.com/Hear-Her.

Use phone camera to scan this code to view maternal health warning signs.

Appointments

My next appointment to review and update this document will be:

Other appointments with care team members may include:

	Date	Time	Appointment Type
My Doctor/Midwife/Provider			
My Baby's Doctor/Provider			
Lactation			
Nurse			
Doula/Home Visitor

Virtual / Telehealth Care Is there an option to have virtual support? (Circle one) **Y / N**
For details to prepare for a virtual visit, go to newmomhealth.com/telehealth

Knowing who to contact when is important. See NewMomHealth.com/MyCareTeam for an overview of providers that you may be in contact throughout pregnancy and postpartum.

Questions or concerns about my visits, providers, or appointment times:

Medications

I will be taking these medications after I give birth as recommended by my health care team.

Notes (including information about how much to take, when, and for how long)

Motrin/Ibuprophen/Tylenol for pain	
Prenatal/Multivitamin for general health	
Stool softeners for bowel (poop) movement	
Iron supplement for anemia (low blood levels)	
Depression/Anxiety medication for mood	
Antibiotics for infection	
Lovenox for blood clots	
Metformin for diabetes (high sugar)	
Insulin for diabetes (high sugar)	
Thyroid medication for thyroid problems	
Blood pressure medication (procardia, labetalol) for high blood pressure	
Other: <i>Fill in</i>	

Support for Me

See [postpartum planning document](#) for guide to think and fill-in what support you may consider after childbirth.

What support do I need during the first few weeks home after having a baby?

List resources in boxes below and ask for more information as needed.

Food	<input type="text"/>	Housing	<input type="text"/>
Housework	<input type="text"/>	Internet	<input type="text"/>
Childcare	<input type="text"/>	Medicaid	<input type="text"/>
Baby care	<input type="text"/>	WIC	<input type="text"/>
Transportation	<input type="text"/>	Breast Pumps	<input type="text"/>
Talk Therapy	<input type="text"/>	Diapers/Formula	<input type="text"/>
Electricity	<input type="text"/>	Other	<input type="text"/>

New Parent Village

Having a village to support you during the postpartum period is important. Who are a few close people that could do things to help during this time?

Sharing My Story

Opening up about your experience and talking about birth stories can help. Is there anything you'd like your health care team to be know?

Support & Care *for You*

For New Mothers *and* Those Who Love Them

NewMomHealth.com

offers expert-written postpartum self-care information. It's a hub designed by moms, for new moms.

NewMomHealth.com is free, evidence-based health information and support for the transition to motherhood covers postpartum plan topics, including:

-  **When to call for help**
-  **Physical recovery**
-  **Baby care**
-  **Connecting with other parents**
-  **Returning to work and/or school**
-  **Partner support and relationships**

This postpartum self-care resource is available in Spanish (SaludMadre.com). Find information and support for you and your family. Welcoming a baby can be a shift for entire family, and many partners can feel postpartum. You are not alone.

You Matter.

Talk with your health provider and learn about the maternal health warning signs at [NewMomHealth.com/Hear-Her](https://www.newmomhealth.com/hear-her).

Support for your **mental health** is very important.

If you are feeling these more than half the days or nearly every day, be sure to tell someone you trust.

In the last two weeks, how often have you felt:

Little interest or pleasure in doing things

- Not at all / Several days /
- More than half the days / Nearly every day

Feeling down, depressed, or helpless

- Not at all / Several days /
- More than half the days / Nearly every day

Feeling nervous, anxious, or on edge

- Not at all / Several days /
- More than half the days / Nearly every day

Not being able to stop or control worrying

- Not at all / Several days /
- More than half the days / Nearly every day

Postpartum Support International

offers free mental health information and support. Text 800-944-4773 (English) or 971-203-7773 (Spanish).
